About Tea

TEA FACTS

All tea comes from the same shrub: Camellia Sinensis.

Herbal Tea (Herbal Tisane) does not originate from the Camellia Sinensis. Herbal teas include herbs, flowers, berries, spices, roots, or other flora sources.

STEEPING INSTRUCTIONS

Always use fresh water (never re-boil).

Follow recommended time and water temperature for steeping tea. Steeping too long may cause bitterness in the flavor of the tea.

BLACK TEA	OOLONG TEA	GREEN TEA	WHITE TEA	HERBAL TEA
Steep in boiling water for 3-5 minutes. Contains caffeine	Steep in near boiling water for 5 minutes. Contains caffeine	Steep in near boiling water for 2-3 minutes. Contains caffeine	Steep in near boiling water for 2-3 minutes. Contains caffeine	Steep in boiling water for 5 minutes. Caffeine free

HEALTH & TEA

All black, oolong, green, and white teas contain antioxidants and rich polyphenols which are known for their health benefits. Studies have shown that teas can help reduce the risk of cancer, cardiovascular disease and may have other health benefits.

For more information visit teausa.org.

BLEND SELECTION

Tea leaves can be blended together with other natural ingredients to produce a variety of flavors to please any palate.

Tea is like fine wine: if you like full-bodied red wines, you may be drawn towards black teas. White wine drinkers will enjoy the lighter flavor profiles of green or white teas. Herbal teas are the perfect selection for those who are looking for a fruit or floral-forward flavor profile and a caffeine free option.

Selling Tips for Tea

ELEVATE YOUR TEA EXPERIENCE

Tea lovers enjoy trying new blends and Tea Forté offers many options that allow tea drinkers to sample new flavorful blends in a variety pack—either infusers (Petite Presentation Box) or as loose tea in single-serve pouches (SINGLE STEEPS®).
